ALCON,

The following topics have been provided for the "tentative" (b) (5) interview and lunch with (b) (6) during her visit to CBP on July 13th. Tentatively she will be meeting with USBP Senior Staff for a briefing before the Chief's interview at 11:30. Many of these issues could be covered by senior staff as well.

1. *Border Security Challenges*
2. *Examples of Threats Border Patrol Agents/Officers face*
3. *Asset Needs*
4. *Border Wall Impact*
5. *Child Separation Issue*
6. *What it's like being a woman in senior leadership role*
7. *Goals of Border Patrol in Immediate Future*
8. *Info she'd like the public to understand*

Other than a meeting with OPA Senior Staff before and a visit to C1 after, she is meeting exclusively with USBP.

Thanks,

Subject: Chairman Capito Request

Patrick,

SAC-HS Chairman Capito has requested a wall briefing the week of July 9. Given her new role as Chairman, I wanted to reach out to see if this is a briefing the Commissioner would like to lead with USBP's support. This briefing request stems from the recent appropriator lunch with POTUS where it appears an additional \$5b was requested for wall in FY19. Appropriations staff are seeking to provide the Chairman with information on current cost estimates and execution of the FY17-19 wall programs, as well as the ability to scale up the FY19 program with additional funds. Chairman Capito has also invited USACE to the briefing based on Senator Boozman's recommendation.

As this is shaping up to be a briefing similar to the one that C1 and Chief Provost gave to Sens Boozman, Cornyn and Alexander in January, would request strong consideration be given to both attending.

Best,
Pete

WALL UPDATE WITH SENATORS CAPITO AND TESTER

Thursday, July 12, 2018

12:15-1:15 p.m. (60 minutes)

Russell Senate Office Building, Room 172, Washington, DC

Overview:

- You will meet with Senate Appropriations Homeland Security Subcommittee (SAC/HS) Chairman Shelley Moore Capito (R-WV) and SAC/HS Ranking Member Jon Tester (D-MT). SAC/HS Majority Subcommittee staff ((b) (6)) and Minority Subcommittee staff ((b) (6)) will likely attend.
- Media reports following a June 26, 2018 White House lunch meeting with members of the House and Senate Appropriations Committees indicated that the President proposed increasing the \$1.6 billion requested for wall in FY 2019 to \$5 billion to allow more progress to be made.
- Chairman Capito has requested this briefing to identify where CBP would direct such additional resources and the ability to execute an appropriation of that size in FY 2019. Staff has requested that project status associated with FY 2017 and FY 2018 funds be included in the brief to provide indicators of execution timeline.
- Staff provided some introductory wall materials to the Senator when she took over as Chairman, however, this will be her first briefing from CBP on the border wall program and it is expected that Wall 101 information will need to be covered in addition to current execution and potential plans for \$5 billion.
- Based on the recommendation of Senator Boozman, former SAC-HS Chairman, the Chairman has invited the U.S. Army Corps of Engineers (USACE) to the briefing.

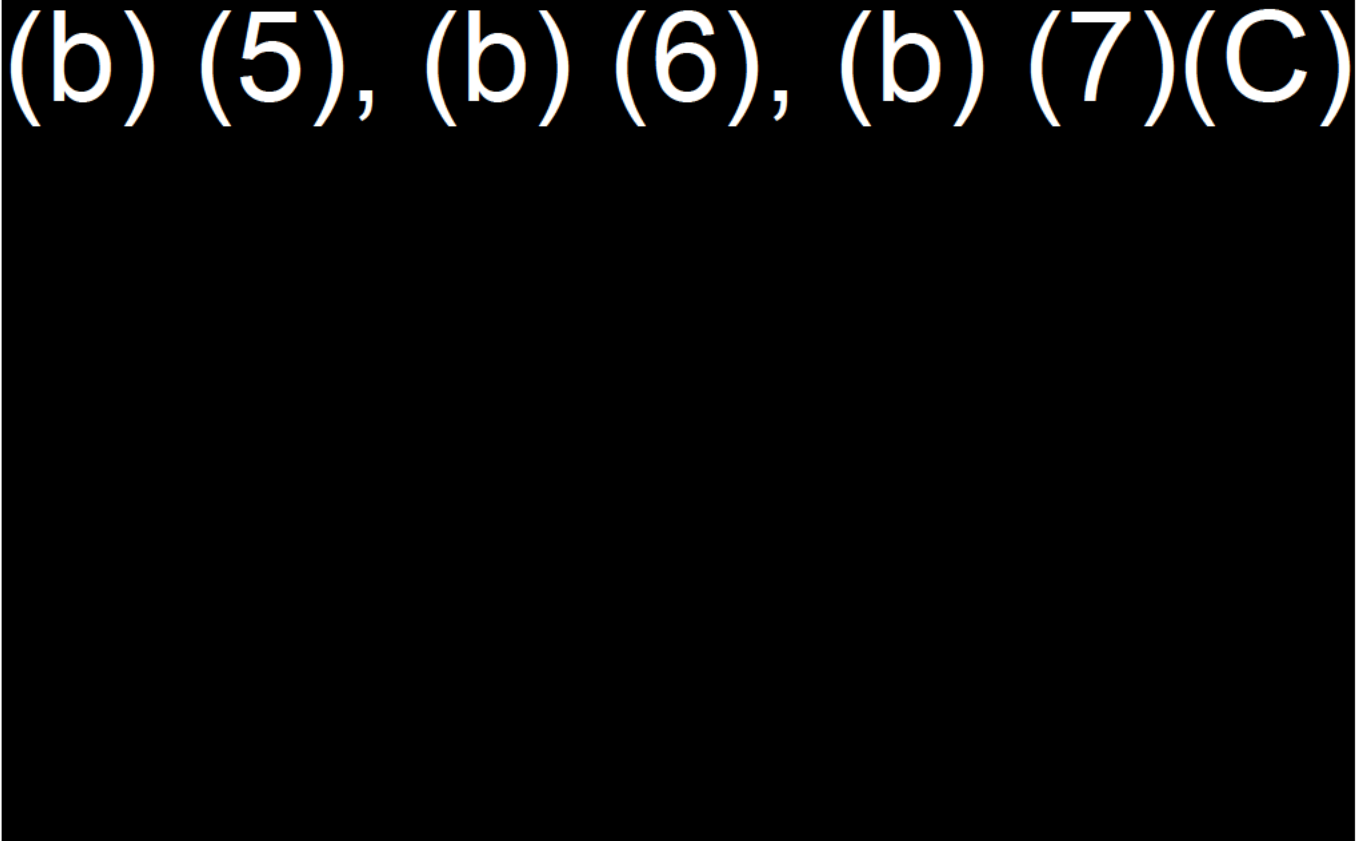

Discussion Points:

- This meeting provides the opportunity to provide instill confidence that CBP has planned for and can execute a robust wall program, if funded.
- Additionally, this meeting will allow CBP to provide additional detail as to how any additional funds over the FY 2019 requested level would be used for priority requirements based on US Border Patrol's operational assessment.

BACKGROUND

(b) (5)

SUMMARY

HAC and SAC briefings occurred separately due to scheduling but the same content was presented. Both briefings were very well received. Staff had a number of questions and both briefings ran over 90 minutes, but the briefing team was able to fully address all questions from staff. Staff noted their appreciation for the clear and detailed information that was presented on the levee issue. In terms of solutions,

(b) (5)

SAC Briefing

When discussing the prototype attributes, (b) (6) was interested in understanding how the appropriations language relating to use of existing designs would impact the ability to deploy the selected attributes. DXD (b) (6), (b) (7)(C) stated that only the concrete panels are considered a new design, others are features that have been added to the toolkit for use in an existing design.

The briefers stated that the FY 2017 program looks like it will average around the (b) (5), (b) (7)(E) appropriated. The project costs currently vary between (b) (7)(E). (b) (6) asked why (b) (5) (b) (6), (b) (7)(C) responded that (b) (5).

Briefers then provided an overview of the FY 2018 program. (b) (6) asked why the (b) (7)(E) County miles are listed as an (b) (7)(E) range. DXD (b) (6), (b) (7)(C) explained that we needed to prioritize within the requested (b) (5), (b) (7)(E).

(b) (6) asked when CBP would know for sure, and DXD (b) (6), (b) (7)(C) replied we will know more at contract award following real estate possession. (b) (6) sought clarification that the miles were the highest priority based on the heat map/BSIP rather than those easiest to construct, which Chief Huffman confirmed. (b) (6) asked why CBP wouldn't use the FY 2017 replacement funding to complete the (b) (7)(E) of replacement in the FY 2019 request if it's the highest priority replacement (b) (7)(E). DXD (b) (6), (b) (7)(C) noted that there are two main drivers: first, the higher per mile cost that is more in line with new wall and second, the pacing with the surrounding miles requested in FY 2019.

In explaining the ICE cost drivers, DXD (b) (6), (b) (7)(C) noted that concrete came in as the most significant driver, followed by steel, real estate and roads. (b) (6) expressed some concerns that the cost assumption for steel did not take into account the tariffs and that this could lead to escalated costs. After Chief Huffman explained the operational need for (b) (7)(E) (b) (6) asked if the new height assumption for levee wall fits within the "existing design" language; DXD (b) (6), (b) (7)(C) stated that USBP considers height an attribute and CBP Counsel agrees it complies with the language. (b) (6) asked if CBP plans to go back to (b) (5), (b) (6), (b) (7)(C), (b) (7)(E).

When discussing the ICE timeline, Chief Huffman took responsibility for not coming up between January and March to provide this information as technical assistance to the committees. (b) (6) asked if anyone told CBP not to brief this information; (b) (6), (b) (7)(C) responded that was not the case but acknowledged that we all could have done a better job connecting the new cost estimate to the budget. (b) (6) noted that this change will fuel those who said we were (b) (5). The briefing team acknowledged that concern.

CBP CONGRESSIONAL AFFAIRS EVENT SUMMARY

and indicated we are taking specific steps to ensure this first year problem doesn't happen again. XD Singleton briefed on some of those activities.

(b) (6) expressed concern that USACE (b) (5) (b) (6) asked if we have pieces of paper from smart people at USACE and IBWC saying that this solution is enough, and that we didn't cut corners only to see the design fall apart in a few years. CBP took the request for documentation as a get back but emphasized that USACE and IBWC would not have signed up for something they weren't comfortable with. (b) (6) also noted that the (b) (7)(E) estimated to be constructed with the FY 2018 funds (b) (5), (b) (7)(E)

(b) (6) stated that counsel views the dollar figure to control over the mileage and that the use of "approximately" does not impact that answer. (b) (6) asked if any other places need levee (and therefore might have a similarly higher cost); DXD (b) (6), (b) (7)(C) said that we do not believe so but there could be a few small areas of (b) (7)(E)

Staff all seemed most interested in applying the ICE cost per mile for bollard to the FY 2019 miles based on the significant savings they assumed. The briefers were careful to point out that the ICE applied only to the specific (b) (7)(E) in the FY 2018 request and that a separate estimate would be prepared for the (b) (7)(E) by the fall. (b) (6) sought clarification that CBP was not conducting an ICE for the entire BSIP mileage but rather was doing one fiscal year request at a time; the briefers noted that the BSIP is at the ROM level, which is being validated, but that the ICE is most appropriate just before investment. (b) (6) asked for the LCCE for the FY 2018 miles, which (b) (6) agreed to as a get back. (b) (6) noted that with those cost assumptions he viewed CBP as net negative for the combined FY 2018/2019 programs.

(b) (6) said they haven't gotten an answer on analysis of environmental and border security impacts of doing or not doing (b) (7)(E); is that something CBP could provide if we required?

(b) (6) said he understood it was already required by the FY 2018 language. Chief Huffman replied that we have examples of where the environment has gotten better but sounds like staff want USFWS opinion not just ours; if we got the right people together seems like something we could do.

In terms of solutions, staff were interested in seeing how much could be funded within the requested amount based on the updated cost estimates. They requested a map showing the rerack of the FY 2019 miles based on the highest priority locations from FY 2018/2019. (b) (6) indicated that looking outside the FY 2019 funding (i.e., to lower priority projects in FY 2018) would not be politically feasible due to the deal that was struck in FY 2018.

(b) (6) asked if CBP intends to (b) (5). (b) (6) stated that we will not do so proactively, but have a plan in place to respond to questions because authorizers will eventually be updated.

HAC Briefing

CBP CONGRESSIONAL AFFAIRS EVENT SUMMARY

During the prototype attributes briefing, (b) (6) asked if the concrete design something USBP is still looking at if not restricted and in secondary; Chief Huffman explained that it is in the toolkit but has limitations in terms of (b) (7)(E). (b) (6) asked if both primary and secondary in SDC are (b) (7)(E) and if that was by sector's choice; Chief Huffman replied that sector knows the operational environment best and we defer greatly to field leadership for recommendations. (b) (6) asked if any sector has asked for something barred by the "existing designs" language. Chief Huffman replied that they have not, and (b) (6) asked if we could let staff know if that changes because the language gives them cover with members but they want to know if there is an actual operational impact.

(b) (6) asked if we expect to have extra money in FY 2017; DXD (b) (6), (b) (7)(C) said no based on the contract award values and contingency remaining. (b) (6) was interested in understanding the real estate progress with the FY 2017 program; she indicated that the Chairman has asked if there has been pushback from landowners.

When discussing the FY 2018 program, (b) (6) asked why the (b) (7)(E) County miles are shown as a range. DXD (b) (6), (b) (7)(C) noted the potential ability to complete more miles within the funding based on the ICE; (b) (6) stated that additional miles would be (b) (5). (b) (6) asked if the FY 2018 miles were the last of the levee wall locations; DXD (b) (6), (b) (7)(C) responded that there are no large sections of levee left but we are validating the entire BSIP to ensure there are not specific locations that may require it. (b) (6) raised a proposal by (b) (6) that would construct a levee-like wall in (b) (7)(E); he mentioned seeing a brochure and asked if CBP was familiar with this proposal; briefers replied in the negative.

After Chief Huffman acknowledged the failure to provide the ICE when it was completed in January, (b) (6) asked why CBP didn't come back up for technical assistance; (b) (6) responded that (b) (5). (b) (6) stated that the initial USACE cost estimate suggests that they never came out and looked at the location; DXD (b) (6), (b) (7)(C) stated that it was really that they looked first to an off the shelf solution..

(b) (6) raised his recent meeting with (b) (6) from the National Butterfly Center. He said she continues to allege illegal entry onto the property last fall; the briefers restated the CTIMR issue and OCA reminded (b) (6) that we provided this information to him at the time of the incident and we would be happy to do the same for any future concerns. He indicated that he conveyed to her that the Butterfly Center levee project is a done deal (assuming that it is within the (b) (7)(E) funded) but that if someone does something she thinks is wrong or illegal to let him know and he can talk to CBP. (b) (6) then asked if CBP has begun the FY 2018 requirement to review mitigation of (b) (7)(E) impacts. We discussed that OCA had not understood the language to be about wall surrounding (b) (7)(E) and can talk about what is needed to meet the intent of the language.

(b) (6) discussed the potential for lifting the transfer restriction (presumably in the enacted and not CR), but noted that could be a year away. He asked how that would work with the project timeline. DXD (b) (6), (b) (7)(C) responded that given the real estate acquisition timeline we can

CBP CONGRESSIONAL AFFAIRS EVENT SUMMARY

keep working on planning until we have access to the funds. (b) (6) asked if CBP plans to (b) (5). AC Grable cited competing departmental priorities in FY 2018; (b) (6) added there are no decisions yet but that radioactivity of taking from different sources is certainly being considered in the recommendations.

(b) (6) closed the meeting by noting that this was an exceptional brief in that it was able to provide all the details (b) (6) need to make decisions while keeping the complex issues clear enough that she could follow with her limited background in the issue.

Subject: Border Wall Weekly Activity Report (2-6 July)

Commissioner/ Acting Deputy,

Bottom Line: To date, CBP has constructed approximately 9 miles of replacement wall as part of the San Diego Primary PF Replacement, El Paso VF Replacement and El Centro Primary PF Replacement projects. CBP is engaging with the U.S. International Boundary and Water Commission (IBWC) and their Mexico counterpart, the *Comision Internacional de Limites y Aguas* (CILA), on encroachment issues that impact border wall construction, specifically in San Diego.

Congressional Outreach

- On July 9, USBP is scheduled to brief the Homeland Security Government Affairs Committee (HSGAC) minority staff ahead of their visit to RGV Sector as well as briefing Homeland Security Border and Maritime Security Subcommittee (CHS-BMS) staffers.
- Commissioner McAleenan and team are scheduled to brief SAC-HS Chairwoman Senator Shelly Moore Capito (R-WV) next week.

(b) (7)(E)) **Update**

- CBP, in close coordination with DHS, and the Department of Defense (DoD) are currently addressing three remaining questions to inform CBP's technical assistance memorandum to DoD for border wall system construction on approximately (b) (7)(E) of border frontage along the (b) (7)(E). The remaining questions pertain to: 1) the width of the all-weather patrol road; 2) the requirement and funds source for (b) (7)(E)

(b) (7)(E), and; 3) which agency will perform and fund sustainment activities for the border wall system once constructed.

FY 2017 Wall Program

- El Centro PF Replacement Project (b) (7)(E):
 - A total of (b) (7)(E) than last week), have been constructed as of July 3. The completion of construction remains on track for October. (Photos attached)
- El Paso VF Replacement Project (b) (7)(E)
 - A total of (b) (7)(E) than last week), (b) (7)(E) more than last week, have been constructed as of July 3. Construction is on schedule for completion in March 2019. (Photos attached)
- El Paso PF Replacement Project (b) (7)(E)
 - The USACE issued the NTP for design at the project kickoff on June 28 and this work is currently underway. Construction is still anticipated to start in September.
- San Diego Primary Replacement Project (b) (7)(E):
 - A total of (b) (7)(E) than last week), (b) (7)(E) more than last week, have been constructed as of July 3. Construction is on schedule for completion in May 2019. (Photos attached)
 - CBP is working closely with IBWC and CILA on encroachment issues from Mexico to include a residence that is currently using the existing barrier as a wall to their structure. Due to the wall construction and the encroachment, the far wall of their house which is located in the U.S. will be removed when panel installation begins. This is not the only instance of encroachment, others are expected throughout the construction process, and CBP will continue to provide an update as this may garner media attention.
- RGV Gates (35 gates):

(b) (7)(E), (b) (5)

- Texas Park and Wildlife Department signed their ROE-S late last week for the (b) (7)(E) property which (b) (5). This cooperation is attributed to outreach conducted by the RGV Sector and USBP HQ.

- DT letters indicate to expect a condemnation action from DOJ within the next 90 days in order to access property for surveying purposes. The 90 days period is required to compile the declaration of taking, including developing an adequate description of the property which we have not yet surveyed, coordinate with Department of Justice (DOJ) HQ and DOJ in RGV and allow DOJ RGV to complete additional outreach to landowners required to satisfy the court.

Sen. Jon Tester (D-Mont.)

Senior Senator from Montana

CBP conducts field operations at ports of entry in Del Bonita, Great Falls, Morgan, Opheim, Piegan, Raymond, Roosville, Scobey, Sweetgrass, Turner, Whitlash, Wild Horse, and Willow Creek, in addition to the Butte Airport, the Kalispell Airport and the Bozeman-Yellowstone User Fee Airport.

USBP operations fall under the Havre Sector (stations at Sweetgrass, Shelby, Havre, Malta, Billings, Scobey and Plentywood) and the Spokane Sector (stations at Eureka and Whitefish). AMO's Montana Air Unit is located in Great Falls.

Residence: Big Sandy

Born: Aug. 21, 1956; Havre, Mont.

Family: Wife, Sharla; two children

Education: College of Great Falls, B.A. 1978 (music education; secondary education)

Military Service: None

Career: Farmer; custom butcher; music teacher

First Elected: 2006 (2nd term)

Latest Election: 2012 General (48.6%)

Political Highlights: Mont. Senate, 1999-2007 (minority whip, 2001-03; minority leader, 2003-05; president, 2005-07); Big Sandy School Board of Trustees, 1983-92 (chairman, 1986-91)

Committees:

- Appropriations (Homeland Security – Ranking Member; Agriculture; Defense; Energy-Water; Interior-Environment; Military Construction-VA)
- Commerce, Science & Transportation (Aviation Operations, Safety & Security; Communications, Technology, Innovation & the Internet)
- Banking, Housing & Urban Affairs (Financial Institutions & Consumer Protection; Securities, Insurance & Investment)
- Veterans' Affairs
- Indian Affairs

CBP Key Issues of Interest:

- Served on HSGAC in the 114th Congress and the First Session of the 115th Congress. Vacated seat in Jan. 2018 to join Commerce Committee.
- 5/22/2018: Attended the SAC/HS Immigration Roundtable hosted by Chairman Capito during which Commissioner McAleenan and the Executive Associate Director for U.S. Immigration and Customs Enforcement / Enforcement and Removal Operations (ICE/ERO), Matthew Albence, testified briefly on the FY2019 budget request and responded to Member questions. Senator Tester's questions focused on the status of CBP's wall program and execution of funding provided in FY2017 and FY2018.

- 1/9/2018: Attended a bipartisan meeting on immigration at the White House with President Trump. Sen. Tester is pushing for a series of border security provisions to be included in a “must-pass” budget bill in Jan. 2018. He has been in discussions with President Trump on securing and strengthening Montana’s border.
- Sen. Tester has expressed concerns with plans for a border wall across the entire southern border and has publically stated that a wall may make sense in some locations and that technology may be a more appropriate solution in other locations. Sen. Tester is a staunch advocate for landowner rights.
- Strong supporter of Operation Stonegarden funding. Sen Tester secured a \$30 million increase in funding for Operation Stonegarden in the FY 2018 enacted Consolidated Appropriations Act. Senator Tester introduced the Assisting Narcotics and Trafficking Officers in Interdicting (ANTI) Drugs Act, S. 2709, on 4/18/18 which would authorize Operation Stonegarden to receive \$110 million annually for the program for Fiscal Years (FY) 2018 through FY2022. The bill also reauthorizes the Office of National Drug Control Policy’s High Intensity Drug Trafficking Areas (HIDTA) program and the Department of Justice’s Community Oriented Policing Services (COPS) grant program.
- Voted in favor of Sen. Nielsen’s nomination. Related statement (12/5/2017): “We must secure our borders using the best technology possible, we must make airport security failsafe, and we must stay far ahead of all cyber threats that put Montana and our nation at risk. I will be working closely with Secretary Nielsen and the Trump Administration to strengthen our national security and keep out anyone who wants to harm our country.”
- Concerned with northern border issues and combatting visa overstays.
- Vocally opposes CBP’s efforts to reduce the hours of operation at the Raymond, Mont., LPOE. Has spoken to former Commissioner Kerlikowske on numerous occasions to express his opposition to the proposal.
- The Senator is concerned with the use of cross-border low-flying aircraft to smuggle drugs into the U.S. He is interested in DHS efforts to utilize all available military radar technology to uncover and combat the smuggling of drugs by low-flying aircraft.
- Sen. Tester has supported legislation to increase the security of the northern border. Tester believes that OFO staffing and POE infrastructure are suffering, especially in contrast to USBP staffing and facilities. He regularly requests updates on CBP and DHS personnel and assets on the northern border. He has stated: “The northern border is too often forgotten or just plain excluded from federal funds. We cannot allow Montana to become a backdoor to terrorists and criminals.”
- With Sen. Feinstein (D-Calif.), Sen. Flake (R-Ariz.), and 39 other senators, co-signed a letter on June 27, 2014, to the President calling on him to counter misinformation that is being spread to vulnerable children and families in Central America that encourages them to risk their lives by attempting to enter the United States.
- Supports Border Patrol pay reform measures. Sponsored S.1691, the *Border Patrol Agent Pay Reform Act of 2013*, as well as S.2338, the *Border Patrol Agent Pay Reform Technical Amendments Act of 2018*.
- During Jeh Johnson’s S1 confirmation hearing before HSGAC, Tester expressed the need for Border Patrol Pay reform to happen, to save wasted dollars.
- Concerned that DHS does not have a coherent Northern Border Strategy.

- Advocate for extended hours of operation at the Wild Horse POE. He was disappointed in CBP's decision not to extend hours at Wild Horse in concert with CBSA for the 2013 season.
- Advocate of increasing hours and operations at existing Ports of Entry.
- Stresses the need for increased cooperation between local tribes and law enforcement (State, local and Federal).
- Believes that CBP personnel numbers should be increased and facility conditions should be improved.
- Wants increased participation of local law enforcement in border security operations and greater interoperability between levels of law enforcement.
- During an April 10, 2013, HSGAC hearing, he expressed concern over potential cooperation and jurisdictional issues between ICE and CBP. He also asked for an update on the integration of Canadian radar feeds.
- Co-signed a letter in Feb. 2010 with other Northern Border Senators, requesting that DHS deploy military radar to the Northern Border to combat the use of low-flying aircraft to combat drug smuggling.
- Concerned with the processing of private aircraft at the Great Falls Airport; CBP had been processing private aircraft without proper facilities and then stopped processing aircraft.
- Voted in favor of Commissioner McAleenan's nomination (P.N.1373, 3/19/2018).

Legislation – 115th Congress

- Sponsored S.2338, the *Border Patrol Agent Pay Reform Technical Amendments Act of 2018*, a bill to amend chapter 55 of title 5, U.S. Code, to reform the manner in which Border Patrol agents are compensated. Introduced 1/25/2018. [Note: CBP, in conjunction with OPM, developed a BPAPRA technical assistance package for Sen. Tester in late 2016 to address several issues, to include overtime compensation for canine handlers, alternative/compressed work schedules, and the use of leave without pay; however, the National Border Patrol Council significantly altered the text of the CBP-OPM package to reflect its views on these issues and S.2338 reflects NBPC's preferences.]
- Co-sponsored S.3036, the *Keeping Families Together Act*, a bill to limit the separation of families at or near ports of entry. Introduced by Sen. Dianne Feinstein (D-Calif.) on 6/7/2018.
- Co-sponsored S.2314, the *Border and Port Security Act*, a bill to increase the number of CBP officers and support staff and to require reports that identify staffing, infrastructure, and equipment needed to enhance security at ports of entry. Introduced by Sen. Claire McCaskill (D-Mo.) on 1/17/2018.
- Co-sponsored S.1617, the *Javier Vega, Jr. Memorial Act of 2017*, a bill to designate the USBP checkpoint in Sarita, Texas, as the Javier Vega, Jr. Border Patrol Checkpoint in honor of an agent who was killed in the line of duty. Introduced by Sen. John Cornyn (R-Texas) on 7/24/2017; became P.L.115-81 on 11/2/2017.
- Co-sponsored S.1199, the *Border Enforcement Security Task Force Reauthorization Act of 2017*, a bill to amend the Homeland Security Act of 2002 to reauthorize the Border Enforcement Security Task Force (BEST) program and require DHS to apply risk-based

criteria that takes into consideration specified factors before establishing a BEST unit. Introduced by Sen Claire McCaskill (D-Mo.) on 5/22/2017.

- Co-sponsored S.274, a bill to rescind the provisions of Executive Order 13769, entitled “Protecting the Nation from Foreign Terrorist Entry into the United States,” effective as of January 27, 2017. Introduced by Sen. Dianne Feinstein (D-Calif.) on 2/1/2017.
- Co-sponsored S.240, a bill to rescind the provisions of Executive Order 13769, entitled “Protecting the Nation from Foreign Terrorist Entry into the United States.” Introduced by Sen. Dianne Feinstein (D-Calif.) on 1/30/2017.
- Co-sponsored S.126, the *Repeal ID Act of 2017*, a bill to amend the Real ID Act of 2005 to repeal provisions requiring uniform State driver’s licenses and State identification cards. This bill repeals provisions of the REAL ID Act of 2005 that prohibit federal agencies from accepting state-issued driver’s licenses or identification cards that do not meet minimum specified security requirements. Introduced by Sen. Steve Daines (R-Mont.) on 1/12/2017.

Legislation – 114th Congress

- Introduced the Blackfeet Water Rights Settlement Act which requires the Tribe to grant easements and rights-of-way over tribal land necessary for the construction of the irrigation activities related to the Blackfeet Irrigation Project and for the design and construction of MR&I System, among other items. (4/28/2015)

Key Statements:

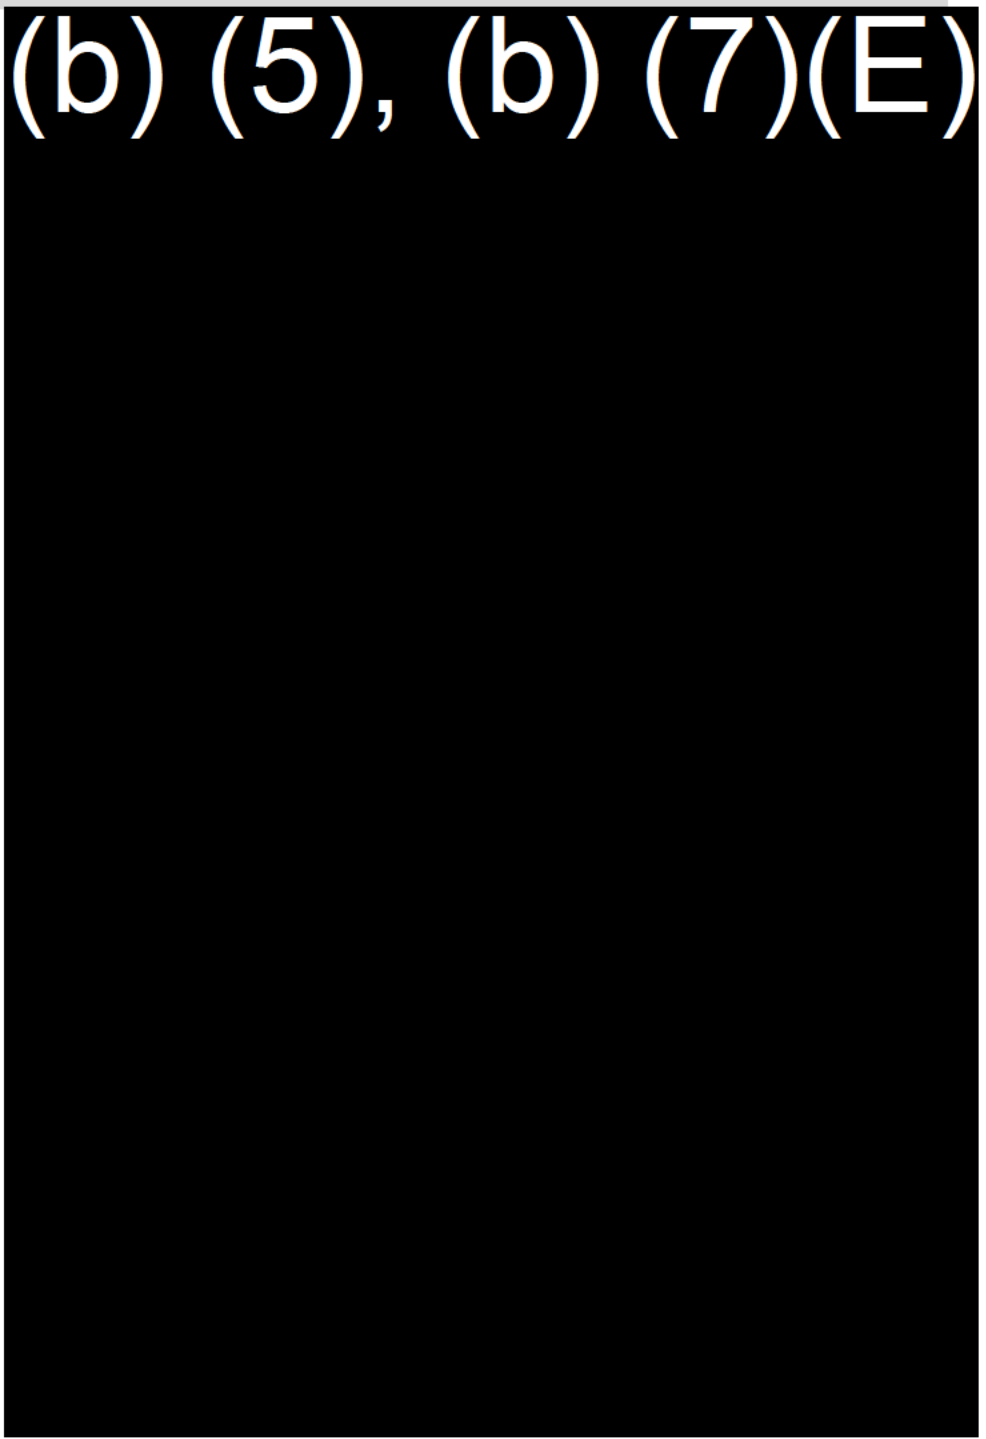

- On Senate Appropriations Committee reporting out FY 2019 DHS Appropriations Bill (6/21/2018): “This national security bill makes critical investments at our northern and southern borders, provides the Coast Guard with new assets to protect our ports and waterways, bolsters security at our airports, increases support for local law enforcement, and helps stop the flow of dangerous drugs, like opioids, fentanyl, and methamphetamines. By making these responsible investments we will keep our nation safe and tackle some of our country’s most pressing security challenges.”
- Regarding W.H. meeting on immigration (1/9/2018): “The President and I agree we must strengthen our borders to keep out drugs and people who don’t follow our laws, but we have to use common sense and not waste a single penny. Despite asking for more money, this administration still hasn’t produced a long-term border security plan. I will keep working with the President to invest in more manpower and technology along our borders because we can’t waste taxpayer money on a wall that raises more questions than answers.”
- On border wall in Senate-released FY 2018 bill (11/27/2017): “Unfortunately, this bill funds a costly and ineffective border wall that is wasting taxpayers’ money and blocking a bipartisan debate on this important legislation. We can’t spend billions of dollars on a wall at the expense of our firefighters, airports, ports, transit hubs, and local communities. We can secure our borders more effectively with better technology and more manpower without saddling our kids and grandkids with the debt a border wall will require.”
- On border wall (8/9/2017): “Look, there are places where the wall makes sense, and there are places where the wall doesn’t make sense and there are better options... So I’ll just take a look at it and see.”

- Following a HSGAC hearing with Sec. Kelly (4/5/2017): “The President and I agree, we must secure our borders. And we have to be smart about this. It’s the 21st Century and we should be using the modern technology at our fingertips to keep this nation safe. And we have to make sure any border security measures are fiscally responsible and respect private property rights.”
- On eminent domain (4/5/2017): “If you want to get people’s attention in rural America, talk about eminent domain. If someone tried to eminent domain my place, they would have to take me off in a box because I wouldn’t let them do it.”
- On border wall at Town Hall (3/17/2017): “It shouldn’t be about building a prototype wall. It should be about an all-of-the-above strategy about making this country’s borders as secure as we can. It might be a wall, it might be technology, it might be manpower, it might be radar. There are all sorts of things out there. Hopefully in this country where we don’t have tons of money laying around, we can be smart in how we do this.”
- After visit with Border Patrol in Havre, Mont. (3/25/2015): “I have met with the folks who are securing our nation’s border and they have been direct about what they need to do the job. Until we pass comprehensive immigration reform, it is nearly impossible to strengthen border security and help our Border Patrol agents across the Hi-Line.”
- Following signing of the Border Patrol Agent Pay Reform Act (12/19/2014): “The men and women of the Border Patrol work tough jobs to keep us safe and deserve a pay system that meets their needs. This new law will ensure a predictable pay system, save taxpayer dollars, make government work better and strengthen our national security.”
- Regarding Border Patrol pay (11/2013): “A common-sense pay schedule that provides stability for Agents and their families is something I hear about every time I visit the border. Establishing this new pay schedule will make our borders more secure and save taxpayer dollars. This much-needed bill is the product of folks working together to find common ground, and I look forward to seeing it become law.”
- Regarding Border Patrol Agent pay (6/2013): “Border Patrol agents put in long hours in remote parts of our country to protect Americans and stop folks from entering the country illegally. This bill ensures that they receive fair pay so they can better protect us and provide for their families.”
- Regarding Border Fee with Canada (5/2013): “Montana has 12 ports-of-entry on our 545-mile border with Canada and those ports drive tourism and business throughout Montana. Montana does almost \$6 billion in trade with Canada each year. Adding a new fee to cross the border will discourage Canadians from coming to Montana to do business.”

Hello, (b) (6), (b) (7)(C)

Attached is my resume that you requested. Sorry for the delay with getting this information to you. In order for me to proceed any further with the OPR Cyber Investigations detail, I had to notify Border Patrol management of what I am doing first. I also wanted to send you one comprehensive email, instead of ten individual emails. I know that you are super busy. Plus, I don't like to spam anyone.

On Thursday, May 17, 2018, I spoke with Acting Deputy Chief Scott A. Luck, and he is fully aware of what is going on. He will be the Border Patrol POC regarding any further coordination between OPR and USBP.

(b) (6), (b) (7)(C)

As we discussed on May 15, 2018, I would grateful if could finish up my SMD projects before I transfer over, please. I spoke with (b) (6), (b) (7)(C) and we are looking at an end date of July 31, 2018.

I would also like to notify (b) (6), (b) (7)(C) of my intentions prior to departing SMD, if that is okay with you. They have been very gracious to me since I have been detailed to SMD.

Let me know if you need anything else.

Updated with office location.

Hi, OIT is looking forward to helping you migrate to AirWatch. This should take about 30 minutes, provided we have the below ready to go.

Below I highlighted the most common things users have not had or things which have created a hiccup. Not having done them will not stop the process, just make it a little longer.

Tomorrow night, when you go home, pls check your work iPhone and upgrade to most current iOS. This can be found in Settings / General / Software Update.

Since you have a iPhones, you will need all this before you begin:

1. Your phone
2. Token key sent by **SVC-Eaas-Admin** that has a group number
3. Your phone charged at 80%, and a charger handy in case you need it
4. An itunes account linked to your CBP email (this can be set up at itunes.com)
5. The password to the itunes account linked to your CBP email
6. Your phone iOS upgraded to 11.4
7. PIV card
8. A computer connected to the CBP Network

Also, here are some very good resources:

Subject: Invitation to Testify

Chief Provost,

The Senate Judiciary Committee has reached out to CBP for a witness at a hearing that will occur on 31 July. While the central theme of the hearing is Family Reunification, Chairman Grassley has personally requested that a CBP witness participate to provide insight into BP's actions taken under the Zero Tolerance policy, specifically the application of the policy to family units from 5 May – 20 June as well as methods used to ensure information was provided to other agencies (ex: ICE, HHS) upon transfer of personnel.

Given the subject matter, I believe the best option for a witness is a senior member of BP leadership, specifically at the B1/B2 level. I'm happy to discuss more offline should you have a moment where I can give you a call.

V/R,
Pete

Subject: Update for Chief Provost on Innovation Efforts

Sir,

I am reaching out at the direction of (b) (6), (b) (7)(C) the USBP detail to the front office. I would like to request 30 minutes with Chief Provost to give her an update on the Commissioner's office innovation efforts as well as the next steps of the program. The initiative has been making strong progress, and C1 has tasked us with additional direction. I am reaching out to all of the EACs to get their feedback and input to ensure we're meeting the mission needs across CBP. USBP has been the lead partner for this effort, and I want to make sure that our ongoing work is aligned to the Chief's goals.

In addition to myself, I would like to invite (b) (6), (b) (7)(C) who has been a key leader on this initiative to join the brief. If available, I would also like to suggest Chief Luck and (b) (6), (b) (7)(C) join the brief, as they have been providing guidance on this initiative. (b) (6), (b) (7)(C) – if you are available, it'd be great for you to attend as well.

I am in the office next week Monday (July 2) and Tuesday before 2 PM (July 3). I am then on leave and back in the office July 11. I can work with you to find an ideal time to brief the right group.
